Introducing BrainHearing™ technology.
Give your brain exactly what it needs to hear.

We understand how your ears and your brain work together as a system, with your brain doing the heavy lifting. Oticon hearing instruments with BrainHearing™ technology are designed for

*2013 Oticon Alta International Satisfaction Study, overall satisfaction for both new and experienced hearing instrument users.

your brain, supporting the hard work it does. Super small, they fit invisibly in your ear canal or tuck discreetly behind your ear. BrainHearing™ technology enables them to be minutely tuned to match your unique hearing profile and personal sound preferences. Then deliver sound with the clearest, purest signal possible in the way your brain is best able to understand it. **So you hear better, with less effort. Anywhere. Anytime.**
